NORTHWESTERN BELL TELEPHONE COMPANY

General Offices, Telephone Building, Des Moines, Iowa C. E. Plamadore, District Manager, Des Moines, Iowa C. R. Dwyer, Manager

Telephone Service Calls

For numbers not listed, call	"Information"
For assistance in calling, call	"Chief Operator"
To report a telephone out of order, call	
For business transactions with the Company, call	

Use of the Telephone

These suggestions are offered to assist in securing satisfactory use of your telephone service:

Obtain the correct telephone number from the directory before making a call. If it is not listed call "Information."

Speak slowly, clearly and directly into the telephone, with your lips close to the mouthpiece.

Answer your calls promptly. Failure to do so may result in the loss of a message. Giving your

name or the name of your firm when answering, identifies you and saves time.

When your conversation is completed hang up the receiver and, if at a magneto telephone, give one short turn of the crank. This gives the operator the disconnect signal.

Keep the receiver on the hook when the telephone is not in use or your line will be out of order.

Long Distance Service

TO MAKE A LONG DISTANCE CALL, ask for "Long Distance." Give the operator the name of the town your are calling, the telephone number if known, or the name and address of the residence or business firm being called, followed by your own telephone number. If you wish to talk to a specified person, also give the name of that person.

A STATION-TO-STATION CALL is one on which you will talk with anyone available at the called telephone. Charges for these calls are based on an initial period of three minutes, except to points for which the rate is 25 cents or less, where the initial period is five minutes. Station-to-Station calls cost less than Person-to-Person calls, described below, because less operator labor and less use of long distance facilities are required to complete them.

A PERSON-TO-PERSON CALL is one on which you specify a designated person, or an extension or department off a private branch exchange switchboard, to be reached at the called place. Charges are based on an initial period of three minutes. If the party cannot be reached directly by telephone the operator, at your request, will arrange to send a messenger to summon the called person to a telephone. This will involve a small additional charge to defray the expense of the messenger. Also, at your request, the operator at no

additional charge will make an appointment with the called party so that you can talk at a specified time.

SPECIAL RATES for both Station-to-Station and Person-to-Person calls are in effect every night from 7 P. M. to 4:30 A. M. and all day Sunday. These rates are lower than corresponding week day rates on calls for distances of about 50 miles or more. The minimum reduced rate is 35 cents for Station-to-Station calls and in general 50 cents for Person-to-Person calls.

REVERSAL OF CHARGES is permitted on both Person-to-Person and Station-to-Station calls without extra cost except on Station-to-Station calls of 20 cents or less for the initial period, which take a slightly higher rate when sent collect.

A REPORT CHARGE is made on Person-to-Person calls when failure to establish the connection is beyond the control of the Telephone Company. A Report Charge also is made on reversed Station-to-Station calls when the answering party refuses to accept the charge and, as a result, the call is not completed.

TO OBTAIN SPECIFIC RATE INFORMA-TION on any of the foregoing services, call "Long Distance." To obtain charges on a call at the close of a conversation, notify the Long Distance operator when you place the call.

REGULATIONS AND TARIFFS. The Telephone Company furnishes all of its various services and adjuncts thereto, subject to its published regulations and tariffs, a public file of which is located in the local Business Office. A representative of the Company will gladly lend assistance in securing information from such regulations and tariffs.

THIS COMPANY'S POLICY is to provide adequate, dependable and pleasing service at the least cost to telephone users consistent with fair treatment of employees and of the hundreds of thousands of persons who have savings invested in the business.

How to Use The Classified Telephone Directory

TO FIND WHERE TO BUY THE ARTICLE OR SERVICE YOU WANT—

First, locate the heading descriptive of the article or service you wish. These are listed alphabetically. Trade-marks or brand names will be found as headings or under headings descriptive of the product or service.

Then, select from the listings the firm or individual with whom you wish to do business.

Associated with many general headings, you will find other headings descriptive of particular kinds of articles or services with lists of dealers who can serve you. Accompanying advertisements provide you with more complete buying information.

TO FIND THE TELEPHONE NUMBER OF A BUSINESS FIRM YOU HAVE IN MIND—

First, locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.

Next, locate the desired firm and telephone number by examining the listings under the heading.

STATION-TO-STATION CALL?

When you make an out-of-town telephone call by number or ask to talk with anyone available at a specified residence or place of business it is a station-to-station call.

As soon as anyone answers the telephone called, your connection is completed.

Station-to-station rates are less than person-to-person rates.

Whatisa

PERSON-TO-PERSON CALL?

•When you make an out-of-town call to a certain person or to a specified telephone of a private branch exchange it is a person-to-person call.

Your connection is completed when the person you ask for is at the telephone or the private branch exchange telephone is answered.

LOWER NIGHT AND SUNDAY RATES

Lower rates on both station-to-station and person-to-person long distance calls of about 50 miles or more are in effect every night from 7:00 p.m. to 4:30 a.m. and all day Sunday.

Some of the work required

to Establish

TELEPHONE SERVICE

The application for service is prepared and signed in the business office. When you order a telephone you see only a small part of the work required to place it in service.

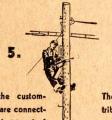

Copies of the order for service are typed for different departments and employees who have a part in establishing the service. Altogether, more than 100 jobs are performed in providing a customer with telephone service. Some of these are illustrated on this page.

Telephone number and address of customer are added to the records of information operator.

Wires from the customer's telephone are connected and checked at terminal
box on telephone pole.

The line is connected to a distributing frame where lines are arranged and sorted before going to the switching equipment.

After the telephone is connected, the line is tested on the testboard.
